

FEDERAL COMMITTEE FOR METEOROLOGICAL SERVICES AND  
SUPPORTING RESEARCH

**NEXRAD PROGRAM COUNCIL**

Office of the Federal Coordinator for Meteorology  
1325 East-West Highway Suite 7130  
Silver Spring, Maryland 20910

January 17, 2017, 10:00-11:30 am

MEETING 2017-01

AGENDA

**1. OPENING REMARKS**

Dr. Bill Schulz, Federal Coordinator for Meteorology and Program Council (PC) Chair, will provide opening remarks to include introduction of attendees, a review and approval of the agenda, and setting the stage for the meeting.

**2. STATUS OF WORK ON ACTION ITEMS**

- a. The Air Force will report on progress in addressing Action Item 2016-1.1, which stated that the DoD would fill the vacant DoD positions at the ROC.
- b. National Weather Service will report progress in addressing Action Item 2016-1.2, which stated that National Weather Service, supported by DoD and FAA would lead a review of current and future ROC manpower requirements.
- c. OFCM will present a response to Action Item 2016-1.3, which stated that OFCM would propose an approach to performing business case analyses on NEXRAD scenarios going forward. Scenarios were to include, as a minimum, status quo and complete transfer of DoD assets, but other scenarios could be considered.

**3. NEW ISSUES/GENERAL DISCUSSION**

**4. WRAP-UP**

The Executive Secretary will review any action items and the Chair will summarize and close the meeting.

**5. ADJOURN**
